

Wills Street Wastewater Treatment Plant

EPL Monitoring Data Correction Log

Details	Date corrected	Date originally published
1. The format of monitoring results on Essential Water's website were originally only supplied in PDF format. Monitoring results are now available in Excel format as required by the NSW EPA's <i>'Requirements for publishing monitoring data'</i> document.	24/07/2012	29/06/2012
2. The Environmental Protection Licence number recorded on the monthly results tables for April and May for the Wills Street Wastewater treatment plant facility was 5067 which was incorrect. The Environmental Protection Licence number for Essential Water's Wills Street WWTP is 3925. This has been amended for the above reporting periods.	24/07/2012	29/06/2012
